What is Monsterotica?

This event is the first of its kind bringing together "monsterfudgers" from all over the world. Though there are myriad book conventions out there, there are none that strictly focused on monster, alien, sentient object, or unusual romance and erotica.

Who is coming?

Authors from all over the world are coming to Monsterotica 2025! We are proud to be showcasing a range of authors, from newly published to seasoned pros.

We are also proud to feature more artists than nearly every other book event out there. Over 60% of our vendors are artists.
