## What is Monsterotica?

This event is the first of its kind, bringing together monster and sci-fi romance lovers from all over the world. Though there are myriad book conventions out there, there are none that strictly focused on monster, alien, sentient object, or non-human romance and erotica.

## Who is coming?

Authors from all over the world are coming to Monsterotica 2025! We are proud to be showcasing a range of authors, from newly published to seasoned pros. We are also proud to feature more artists than any signing in this industry. At least 12 artists will be tabling this year.
